AND INSIGHTS

THE STORY SO FAR

The God's Special Children Foundation was started with a noble and concerted effort to provide Supportive Care to Special Needs Children / Adults and to their families by way of financial assistance, caregivers, medical expenses and other services.

Our mission is to help as many families as possible who are Struggling to raise their special child due to lack of support.

OUR FIRST SUCCESSFUL ATTEMPT

Shri S.P. Balasubrahmanyam Musical Evening Fundraiser.

A night of "dreams coming true", a night of honor and support, a night of tears of joy was witnessed on Feb 29th. Leap day, also Rare Diseases Day!!!!

God's Special Children Foundation organized an unforgettable musical fundraiser by Shri SP Balasubrahmanyam at Chowdaiah memorial hall on the 29th of February. This event not just raised awareness about Cerebral Palsy and Autism but also raised funds to support six families with such special needs children to live a life of dignity. The auditorium was packed beyond expectation with people standing at the aisles to join hands with this noble cause. Each heart wrenching life story of special needs children and the struggles their parents go through had everyone in tears. This event threw light on how these children need to be accepted for who they are and not shunned for what they cannot be.

The organizer Mr Srinath whose son Bharath is a special needs person curated this event with the sole purpose of helping other families in similar situations. "Srinath quotes "Raising funds for any event is a big challenge no matter how credible it is. I was extremely lucky I had the support of many like-minded individuals who wanted to in some way or the other be there for this cause. I was even more overwhelmed when SPB sir contributed two lakhs right there for this cause. I named my son SPB - Srinath Pranav Bharath because music is the only language he understands and SPB sir is the only voice he recognizes. His day starts with his music and ends with his music.

Through this concert which is my small contribution to other special needs children is my way of showing love to my son"

This concert was joined hands by

Shashikala chairperson of International human rights association
Mr. Jaishankar from Brigade Group
Cine star Ms. Sudha Rani
GST Commissioner Mr. Nagendra Kumar
Disability Commissioner Mr. Basavaraju
Mr. Abhishek Maddi from Avinash Realities, Jagdalpur, Chhattisgarh
Ayana Dance Company
RJ Pat Pat Pataki Shruti to name a few.

GFSC is putting together another "never heard before" fundraiser. Interested Sponsors please get in touch with Mr Srinath on 9880101199

The founder of GFSC, Mr Srinath's son, Pranav Bharath was diagnosed with Cerebral Palsy a few months after his birth. It was a testing and terrifying period for not just him and his wife but for the entire family because they had no inkling about what would happen next.

They realised Bharath would never walk or talk like other children but they also realised he had a strong musical inclination and would push himself near the television whenever he heard Dr S.P.B's voice. Today Bharath is all of 20!!! Even though his parents are grateful to God for choosing them to care for him, not all parents

can afford to care for a child with special needs. Hence, through this fundraiser provided monetary support to as many special needs children as possible. The main goal is to be able to cover their emergency medical expenses in a more timely manner, while respecting and protecting the privacy and dignity of the special children and their families.
